

T. B. RICKEY IS THE MAN INDICTED RECENTLY BY THE GRAND JURY

Is Arrested at Carson City--
Released on \$10,000 Bond--
Sureties are Ex-Governor
Adams and Edward James.

CARSON CITY, Nev., March 21.—Thomas B. Rickey, former president of the defunct State Bank and Trust Company, was arrested today on a warrant from Tonopah charging him with embezzlement and was immediately released on bond in the sum of \$10,000. Ex-Governor Adams and Ed. James furnished the bond.

The above special from Carson City explains the indictment returned on last Wednesday by the Nye County Grand Jury. At that time Judge O'Brien ordered the indictment placed on the secret file and a warrant issued for the arrest of the person and bail fixed at \$10,000. Deputy Sheriff Sweasey left the next morning for the north and it is presumed that it was he who made the arrest. The order of the court would naturally contemplate the filing of a bond in the amount named before a committing magistrate.

AMERICAN AUTO IS NOW IN CALIFORNIA

Will Reach San Francisco on
Monday, Providing They
Meet With No Accidents.

Car Will Reach San Francisco Monday

(By Associated Press.)
RHYOLITE, Nev., March 21.—The American car arrived here at 3:15, and left at 3:30 for Daggett, Cal.; from there to Johannesburg, thence to Mojave, on to Bakersfield, arriving in San Francisco on Monday. L. E. Thomas, president of the E. R. Thomas Motor Car Company, will meet the auto at Daggett and proceed with it to San Francisco.

The American car, after a stay in Tonopah of about ten hours, left yesterday morning at 8:30 o'clock for Goldfield. Preparatory to starting, the machine drove up to the Bonanza office and was photographed, this event being witnessed by a large crowd.

The racer was escorted to Gold-

field by Grant Crumley of the Nevada Club in "Shorty" Kutzkau's immense Simplex machine, the auto and men that made it possible for the racer to get into Tonopah last night. D. Mackenzie of the reception committee, who came over from Goldfield, and the Loftus-Davis car, also from Goldfield. All along the line the people of Tonopah cheered them on their way. The cars were all gaily decorated.

The car in which the racing party traveled was interesting indeed to the general public. Not so much does the mechanism, which has been described at length many times before, differ from that of the ordinary automobile, but there are many differences in the make of the car body and in the arrangements for the comfort of its occupants. On the front of the car immediately over the air cooler is hung a collection of cards, flags, pennants, ribbons and other junk of like nature which might well adorn the "hoodoo" string of any school girl, in every available space some memento of every town visited is depending. Surmounting the whole waved proudly two American flags.

In the rear is a huge tank for gasoline which has capacity for seventy-five gallons at one filling.

The Simplex returned from Rhyolite last night, where it had escorted the American auto racer. "Shorty" drove his car in record breaking time, making the distance of 112 miles in three hours and 10 minutes.

The parting words of Geo. Schuster were: "Tell the Tonopah bunch

Warmly Greeted by Goldfield People

(Special to the Bonanza.)
GOLDFIELD, March 21.—The American car arrived in this city this morning at 9:45. Crowds lined the streets and so dense was the mob that it was well nigh impossible for the American car and its escort to reach the Hotel Goldfield, where a sumptuous breakfast was in waiting. Covers had been laid for thirty people. The glad hand of greeting was out for the visitors. At 12:30 the party left Goldfield for the south, Rhyolite being the next stopping place. The car was escorted by two autos, one containing Grant Crumley, Henry Webber and Miss Estelle Goldberlet, the other D. Mackenzie and friends.

American Racers to Quit, Say French

DENVER, March 21.—The French car in the New York to Paris race has been shipped from Omaha to San Francisco direct, and the crew arrived here today on a train. They will travel by rail to San Francisco. They say the American car will drop out of the contest in San Francisco, and the real race will be across Siberia.

BROUGHER CONTENDS PROMISE OF IMMUNITY

PNEUMONIA DOES FEARFUL HAVOC

(Associated Press.)
REDDING, Cal., March 21.—An epidemic of pneumonia is prevailing in the smelter town of Kennett, the majority of the cases being fatal. Two deaths last night, and twenty-five in the last thirty days. There are five times the number of cases now than at this time last year. The physicians say the form is the same as wrought such havoc in western Europe.

AEROPLANE MAKES WONDERFUL FLIGHT

(By Associated Press.)
PARIS, March 21.—In an aeroplane, Henry Farman made a spectacular flight of little less than two miles in three minutes and 21 seconds. It is believed only an improved motor is needed to insure a long flight of the aeroplane.

Attorney Sam Platt Representing State Bank Director Files Affidavit that District Attorney Roberts Had Intimated That the Only One Wanted Was Rickey.

(Special to the Bonanza.)
CARSON, Nev., March 21.—Five more State Bank cases were heard today, the attorney for Director Brougher and Cashier Davis making a motion to quash, and counsel for Directors Lee, Woodbury and Livingstone submitting their cases on demurrer, based upon the constitutionality of the banking law of 1907. Director Brougher also filed an affidavit stating that District Attorney Roberts had told him that he was only after President Rickey and invited the directors to come forward and testify in their cases. That he did so, relying upon this representation. United States District Attorney Platt represents Mr. Brougher and contends that the promise was one of immunity and that therefore the district attorney was bound not to prosecute Brougher. Roberts' avers that he told Brougher that he was after every guilty man and at that Brougher later testified. The court took the cases under advisement. More cases will come up on Monday.

DECLARE FOR REVISION OF THE TARIFF

(By Associated Press.)
WASHINGTON, March 21.—A delegation of prominent business men from Chicago visited President Roosevelt today and laid before him a paper setting forth some causes for the business depression and asking him to indicate to Congress the corrective measures he deems necessary to take. They were informed by the President that he probably would communicate to Congress next week explicit recommendations concerning the legislation needed. Later an agreement was reached between the President and the leaders of Congress in favor of a declaration for a revision of the tariff at a special session to be held after March 4, 1909. It was also decided to have investigations introduced by the ways and means committee of the House and the finance committee of the Senate.

ADDRESS IS SENT OUT TO UNION LABOR

(By Associated Press.)
WASHINGTON, March 21.—An address was given out tonight by the meeting called by President Gompers of the American Federation of Labor to the labor organizations and farmers' associations. The keynote of the address is: "While the Supreme Court and other institutions may be able to temporarily retard and embarrass the growth and action of our movement, we boldly assert that no power on earth can destroy successfully, outlaw, or disrupt the trade union movement." The further statement was made that it was the unanimous feeling of the convention that some steps be taken to impress upon Congress the necessity for prompt action toward amending the Sherman anti-trust law so that it shall not be applicable to organizations not for profit and without capital stock.
